SOMERFORD WEIMARANERS - Established 1973 - Live the Dream... Feel the Joy!

The love and admiration shared between a Weimaraner and his owner is an inspiration for all that see them together.
Orange is the colour of joy, our team of award winning Weimaraners brings us great joy and we wear orange to celebrate and showcase our chosen breed.
The Weimaraner was bred to work for its master by finding, pointing and retrieving birds and small game. He is an intelligent and affectionate dog. These
are companion dogs. Hunters and retrievers. Show dogs. Obedience and Trac king dogs. Few breeds boast such a profile.
At Somerford our dream is to breed quality Weimaraners of sound temperament and type that bring joy to the lives of their owners.
